EAGLE TT AWD AIRCRAFT TUGS

TT-10 & TT-12

The Eagle TT Series aircraft tugs have become known around the world for their All Wheel Drive power train, providing superior traction and performance in all weather conditions. The TT Series were designed with ergonomic operator compartments, and front and rear hitch sight tunnels for safe and efficient handling of aircraft. TT Series customers benefit from over 20 years of design improvements, and are backed by an industry-leading 3-year/3,000-hour warranty. Engineered to meet the needs of today's regional airlines, corporate flight departments, fixed base operators and military flight operations, the Eagle TT Series aircraft tugs pack a significant amount of value into a low-profile, compact package.

Here is what the TT series has to offer:

- All Wheel Drive power train, providing safe, controlled traction on all surface conditions.
- Ergonomic operator compartment, low-profile design and mirror-less hitch visibility allow operators to safely and efficiently handle aircraft.
- Designed with carefully matched components, resulting in minimal or no unscheduled maintenance or repair, and is backed by an industry leading 3-year/3,000-hour warranty.
- Unparalleled reliability and factory-direct service and support is the Eagle Tugs advantage.
- Eagle Tugs has over 40 years of experience designing, building and supporting reliable tow tractors.
