

JOIN DR. SHRINK, INC. IN THE RECYCLING EFFORT!

Dr. Shrink, Inc. Recycling Run 2011

Please see the 2011 Recycling Form (back) for important Recycling Run program details and requirements.

In order to participate, you must sign and return the Recycling Form.

Pickup regions are all throughout Lower Michigan and also in Ontario, Canada (within 200 miles of Toronto). We will be expanding into other large shrink wrap using areas in 2012.

Contact Dr. Shrink, Inc. with any questions or comments. We appreciate your help in this effort!

IT HAS NEVER BEEN EASIER TO RECYCLE YOUR SHRINK WRAP COVERS. DR. SHRINK IS NOT LETTING YOU MAKE ANY EXCUSES!

Dr. Shrink, Inc. is promoting an annual Recycling Run for the U.S. and Canada. With the ease and simplicity of this recycling program, you have no excuse not to recycle your shrink wrap covers. Dr. Shrink shrink wrap is a premium, virgin resin material that is easily recycled into a variety of usable consumer products. Shrink wrap will NOT biodegrade in a landfill, so it is extremely important to have it recycled. Our Recycling Run program makes it simple and straightforward:

- Buy Dr. Shrink REBAG®s for \$2.50 each from Dr. Shrink
- Stuff the REBAG® with ONLY shrink wrap
- On the form (back), request a week for pickup

It is that easy to do your part to keep this premium material out of the landfill! Please think of the environment.

Recycle Shrink Wrap with Dr. Shrink & Bay Area Recycling

Dr. Shrink and Bay Area Recycling are making it easy to recycle your shrink wrap covers this spring.

Do your part to keep this premium plastic shrink wrap out of landfills!

Dr. Shrink, Inc. is working with Bay Area Recycling for Charities in Traverse City, MI for the second year in an effort to recycle shrink wrap covers.

This program offers an environmentally friendly option to all local boat storage facilities, marinas and boat owners, asking them to help the environment by recycling shrink wrap. Marinas and storage facilities are encouraged to accept plastic wrap from area boaters. Profits from this effort are then donated to local charities.

Please contact Dr. Shrink, Inc. with any questions or comments. Feel free to visit the Bay Area Recycling website at www.mybarc.org.

Recycling Program Details

- There will be a charge of \$2.50 per REBAG® to collect, transport, bale and recycle plastic wrap. This is cheaper than having it taken to the landfill. REBAGS® will only be available through Dr. Shrink.
- Semi trailers will be scheduled for pickup across Michigan. You can request a date you'd like to have your bags picked up.

Recycling Requirements

- All shrink wrap must be in one of Dr. Shrink's REBAGS®.
- The bags must ONLY contain shrink wrap covers and scraps. Make sure to exclude all strapping, buckles, vents, and other contaminants from the bag.
- Shrink wrap must remain clean and dry.
- Do not overstuff bags-- make sure to use supplied closure device to seal the bag.

By signing below, I acknowledge I have read the form and understand that all shrink wrap MUST be put in REBAGS® and have no strapping, buckles, or other foreign materials in the REBAG®. Contaminated REBAGS® will not be picked up or refunded. If you have questions on removing the strapping, please contact Dr. Shrink.

If you wish to participate, please return this form to Dr. Shrink, Inc. by email or fax.

Once we receive the completed form, we will contact you with a scheduled pickup time.
