

Performing Artists

Muskegon Summer Celebration is always looking for new talent to showcase on our stages. If you are interested in performing at Summer Celebration we ask that you fill out the Performer application. We update our files annually and require a current application for all of our performing artists. If you also would like to enter the Battle of the Bands once the information has been posted fill out that section of the application later.

Keep in mind we start booking our artists as early as January 1 and complete the process by March 31. **Each committee** reviews the applications we receive to **determine the artists they want to perform** on their stages. They are looking for unique sounds and performances to create a great offering for our patrons. Keep in mind they will need to know if you can create a high energy performance, can you keep it clean for all audiences and what you would like to charge to appear. Please note that we only look at acts that cost less than \$1,000 to open on the Main Stage, or Tiki Bar stages. **If a committee wants to book your band/performance, they will contact you.**

We have a wide range of performance venues and opportunities.

Main Stage Opener – Opens for national headliners on the Main Stage to a large audience. We will book a total of 8 openers some which dedicated to our Battle of the Band winners.

Tiki Stage – Located in the main concert venue, this area is designed as an alternative to the main stage entertainment with a smaller audience.

Senior Social – This one day event is designed with an older audience in mind.

Midway Entertainment – Daytime entertainment for the family audience, jugglers, magicians, clowns etc. Total number of bookings varies each year.

All we ask is that you fill out the Performers Application and send us any materials you would like us to review to Muskegon Summer Celebration, 587 W. Western, Muskegon, MI 49440.
