

### **What is the CHER®?**

The CHER® (Comprehensive Home Evaluation Report) is an innovative web-based tool that provides a unique way to produce a home modification evaluation or assessment report. The CHER® is a state-of-the-art template for medical practitioners and/or universal and accessible home modification specialists to utilize when creating home evaluation or home assessment reports for their clients seeking home modifications.

### **Why utilize the CHER®?**

The CHER® has many features and benefits to aid and guide you when producing a report:

- ▶ **Increased productivity**
  - guides the user through the report process
  - aids in producing comprehensive and detailed reports
  - simply check a box to include the recommendation
  
- ▶ **Reduces omissions**
  - walks users through the entire home environment
  - reduces the possibility of neglecting key areas
  
- ▶ **Accuracy**
  - identifies and addresses concerns within the home environment – inside and outside
  
- ▶ **Effective Documentation**
  - document the client's needs based on their functional status
  - report can be brief and concise or very comprehensive
  - all parties involved review the same CHER® report
  
- ▶ **Customization**
  - the professional can add their own recommendations and comments
  - add images to reveal problems and/or solutions
  
- ▶ **User's Support**
  - User's Guide (step-by-step instructions)
  - Video Tutorials
  - Need Help? buttons
  - Feedback button – online assistance
  - Helpful Hints
  - Report content assistance provided in each section

- ▶ **Upload photos and captions**
  - enhance your report
  - illustrate the problem areas of the home
  - select images from own files or from the CHER® galleries
  
- ▶ **Image Gallery and My Gallery** (a personal gallery of your favorite images)
  - numerous pictures of products and projects
  - create your own gallery of your favorite and most frequently used images
  
- ▶ **Resource Directory**
  - aids in the search for products & services for your clients
  - provides direct access to Resource Directory company websites from the CHER®
  
- ▶ **Portability**
  - can be accessed and utilized on-site if internet access is available
  
- ▶ **Reimbursement**
  - a high quality home evaluation report enhances the likelihood of full claim reimbursement
