

## ELDI 2018 PROGRAM DETAILS

ELDI targets teachers in Christian schools who have demonstrated leadership gifts and abilities, and those who are interested in exploring a future in Christian school administration. The Institute is designed to help Christian teachers explore administration and the related key life questions:

- Has God gifted you for leadership?
- What might that leadership look like in the context of Christian schooling?

This year's Institute will be offered in two locations:

***July 9-13, 2018 at Cedar Springs Retreat Center in Sumas, WA***

***July 23-27, 2018 at YMCA Geneva Park in Orillia, ON***

- Selected applicants must be able to stay on the conference site for the duration of the Institute. This conference is not designed for spouses to come along.
- Any Christian Schools International teacher with three or more years of successful teaching experience may apply.
- Preference given to those who have not previously held a school-related administrative position.

### FORMAT

Participants learn through interactive sessions using panel discussions, lecture presentations, and small group interaction. Related daily readings from current and classic education authors provide background and perspective. Participants eat together, study together, and live together at the Institute venues in order to increase learning and cohesiveness.

### FACILITATORS

Christian Schools International coordinates the ELDI program in partnership with Calvin College and with our three Canadian regions. A team of four or five Christian school leaders facilitate the program. Other successful administrators and professional educators may participate to provide their personal stories and expertise.
